

Mega Açai

Super-fruit-blend antioxidant formula

Res-Q Mega Açai contains the very potent berry extract called açai. This powerful fruit is naturally rich in polyphenols and anthocyanins, two of nature's most potent antioxidants. The açai berry has been shown in studies to have the ability to enter human cells and protect them from harmful free radicals. **Res-Q Mega Açai** is a super fruit blend. In addition to açai, it contains pomegranate and green tea extract for additional antioxidant, anti-viral, anti-bacterial and anti-inflammatory support. In fact, pomegranate is recognized as possibly the most potent of antioxidants.

Complete health

Res-Q Mega Açai helps maintain the health of the brain, blood vessels and the entire body by providing superior antioxidants that act as scavengers for free radicals. Excess amounts of free radicals can cause imbalance and trigger a chain-reaction process that can lead to cellular damage, disease and consequently a shorter life span. The entire body is made up of cells that need antioxidants for optimal balance.

The antioxidants in **Res-Q Mega Açai** are an important part of any good health regimen by encouraging health on a cellular level. They can help keep the focus on prevention and promoting good health. **Res-Q Mega Açai** improves health by providing the most potent and powerful antioxidants.

High ORAC rating

Res-Q Mega Açai scores very high on the ORAC (Oxygen Radical Absorbance Capacity) rating, providing 1900 ORAC units. The higher the ORAC value, the more capable of destroying free radicals, thus slowing the aging process and diseases. A high ORAC rating is a desirable feature of any antioxidant supplement. **Res-Q Mega Açai**—as indicated by numerous clinical research tests and assays—contains ingredients that are highly potent, effective antioxidants.
